

ANDY RITCHIE FUND APPLICATION INFORMATION - 2018

Background

The Andy Ritchie Fund (AR Fund) was set up in the year 2000. The purpose of the Scholarship Fund is to support practical research in the field of New Zealand Aquaculture, to gain better knowledge and understanding of the environment we operate in, the species farmed and any impacts associated with marine farming operations.

\$5,000 is currently available. Ideally for a masters student to assist in research for the Aquaculture industry. The funding area is nationwide but preference will be given to projects that benefit Top of the South aquaculture. It is open to all species and aquaculture products.

Each year a grant will be available for specific research topics. The topics for the current year are listed below

The Committee has the discretion to approve grants outside the above criteria if it considers them to be appropriate.
